PRINCIPAL'S MESSAGE

September has already come and gone. The hectic pace of school start up is gradually diminishing, but that doesn't mean things aren't happening. With routines established, classrooms remain vibrant as teachers, educational assistants, and students are involved in a wide variety of learning activities. Students are indeed in very good hands - they are surrounded by a dedicated staff that only has the pupils' best interests at heart.

Last year, our grade five students received Net Books to supplement their learning. This year, our school is one of the privileged few to have Net Books in the classroom for all Division II students. Teachers and students are discovering various ways to incorporate computers into the classroom to enhance learning. We are excited to be a part of this new educational venture.

As always, you are most welcome to stop in and speak to any one of us about your child's progress. Wishing all of us a wonderful October, I remain,

Luc Lavigne
